GRADUATES

The Principal's Message

THE Class of 1951 may well be the last class to graduate from the old Lawrence High School building. One who has lived in and with old L.H.S. can't help but feel that it has earned its retirement from active duty and that it is indeed an honorable and well deserved retirement.

The history of L.H.S. can and should teach all the men and women who have been privileged to attend it, a lesson in the fine art of living. The building has grown old gracefully, meeting its obligations from day to day and year to year as a good citizen. It has withstood the storms of the years, the pressure of growing enrollments, the changes of educational policy and methods; and it has continued to open its doors every day to do the job that it was intended to do.

Lawrence High bears the scars of minor and major injuries and illness and now it has reached the age of retirement from active duty brought about by progress and growth, the natural steps in the American way of life.

If you as members of the Class of 1951 can look forward to a life as well spent as L.H.S. it will be dedicated to the services of your fellow man free from discrimination and from jealousy; dedicated to progress, growth, and continued education; and you can say that you have devoted your best to the job you are doing; then you will deserve the proud distinction of being the child of a proud parent—Lawrence High School.

Seniors

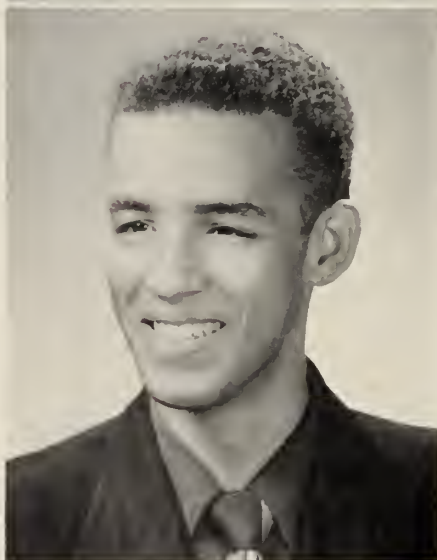

PAUL NORMAN ANDERSON

Out of the shadows of old L.H.S. there comes a fellow they call "Tiger" who will always be remembered for his good humor and the inspiring sports stories he wrote for the Student Intelligencer. Tiger covered nearly every game the high school played in any sport. He was manager of this year's football team doing a commendable job.

Paul likes to remember his French classes. It seems that when he wrote or said anything in French he knew what he was talking about, but couldn't understand why the teacher couldn't understand also.

Paul wants to be a sports writer in due time, but when he graduates he wants to take things easy for a while and recuperate from twelve long, grueling but thoroughly enjoyable, years.

DANIEL BARBOZA

Returning to our ranks after a four-year absence is the "Mr. Music" of the Senior Class, Danny Barboza. Danny left us in the seventh grade. He is one of the class' outstanding students—a Certificate List pupil—and is particularly active in class discussions. As implied by the opening sentence, Danny has considerable musical talent which is showcased on his own WOCB radio show. He was voted the most musical boy in the Senior Class. Danny also was in charge of music for the graduation exercises. His return to us this year has been heralded by all who know him.

CECELIA BENTO LAJOIE

"Cece" is a petite, attractive young miss with a head for business. This year Cecelia served as secretary of the senior class and did a remarkable job in carrying out her duties. Active in all class functions, she was a member of the National Honor Society. She was a member of the Glee Club and last year served on the *Lawrencian* staff. Her experience in the business course will stand her in good stead as her plans for the future include further secretarial study. Her personality and ability will always see this graduate through.

BRENDA BOWMAN RUDENHIZER

Brenda certainly earns her name as "the cutest girl in the Senior Class", especially with those ever-present dimples. Brenda is an accomplished violinist and has played in the school orchestra. She is a member of the National Senior Honor Society and was a forward on the girls' basketball squad. She was also on the staffs of the "Student Intelligencer" and the "Laurencian." Another one of Brenda's activities at L.H.S. was the task of bell ringing. Where would we have been without her? A participant in the College Course, Brenda hopes to attend the University of Massachusetts next fall.

MIZTY BRICENO

Mizty joined our class in February. She is really attractive, short with long brown hair which we soon discovered she fixes in many ways. She has a bright smile for all and speaks excellent English. Mizty is widely traveled for she has accompanied her mother, who is in the diplomatic service, wherever her job has taken her. However, we discovered that Mizty's real home is Caracas, Venezuela. She has also lived in Miami, New York, and Cuba—she came to us from Washington, D. C. where she lived for two years. Mizty's father, a Colonel, is a surgeon at Camp Edwards. Mizty has made a great many friends although she has been with us a comparatively short time.

ROBERT CHARLES BROWN

A welcome addition to our class is Bob, who comes to us from Whitinsville. A large addition we might add, and it often makes us wonder how he fits into that tiny car of his.

Although he has been with us for just a few short months, Bob was voted the best-natured boy in the class and won the Babe Ruth Award for sportsmanship. "Buster" is never at a loss for a smile and that may explain it. He is no slouch as a student either, and many of us have envied the way he whips through difficult Solid problems with ease. Blessed with an amiable disposition and the spirit to undertake even the most difficult task, Bob can't help but be a success.

Seniors

JOANNA JENNY CARDOZA

Jenny is a quiet well-liked girl. Her favorite sport is basketball and every practice session and game found her playing her hardest as a guard for our girls' team. She was a participant in the Driver Education course and passed the license exams with flying colors in February. Jenny's hobbies are knitting and sewing—the many articles she has made prove that she is very clever at both. Jenny has taken the general course but is uncertain as to what she will do in the future. However, we know she will succeed in whatever she undertakes.

JOHN MATTHEWS CLARKIN

Jackie was formerly a quiet boy before he became a senior and found out how much fun it was to make noise and plenty of it. No slouch at studies, Jack is a member of the National Honor Society. He was the manager of this year's basketball team as well as being a member of the Bruins in the Intramural League.

Jack's hobby is mechanics and he wants to become an engineer, but like the rest of the boys, he likes to eat and sleep before anything else. Jack, however, is interested in jets and atomic energy. Who knows? Maybe he'll be the first to learn how to utilize atomic energy in jet engines.

DAVID F. CORRELLUS, JR.

If you're ever looking for a good-natured fellow, Dave's your man! Blessed with an amiable disposition and a knack for getting along with people, he can boast a legion of friends. Dave has taken the business course throughout his school years, but he says that the thing he remembers most about school is Problems class. (That class seems to leave a deep impression on a lot of people, doesn't it?)

Dave says he's happiest when at Martha's Vineyard. I wonder why? Like many of his classmates, he says he'll probably end up in Uncle Sam's Navy. If he does, he'll have plenty of company.

GEORGE FRANCIS DEMELLO

George, better known as just "Six" to his friends, is our class's top card shark. In fact, he's even been known to haul out his pack during a certain period and have a game or two with the boys. His favorite sport is basketball. In this his height and ability hold him in good stead. A great deal of Six's spare time in the summer is spent at either the beach or on the baseball diamond.

Like most of the graduating males, George feels Uncle Sam breathing down his neck, so he plans to give the Navy a try. Let's hope he has smooth sailing.

JAMES J. DEMELLO

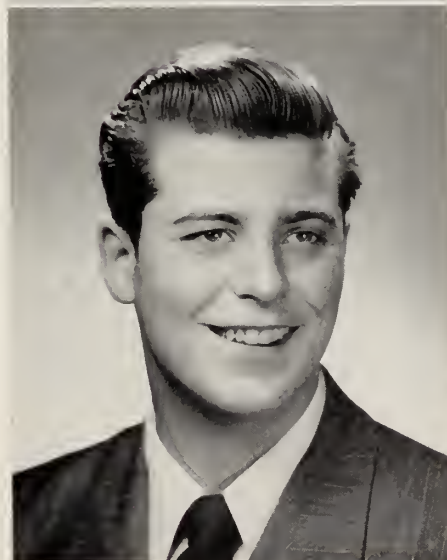

You don't hear too much about Jimmy around school, but that's because he's the quiet type. Industrious and good-natured, "Duck", as Jim is sometimes called, is also a competent carpenter, and many of his shop mates have been amazed by his skill with saw and hammer. Any of us who have seen his handiwork must admit that as a carpenter Jimmy is really tops. "Duck" lists ice skating as his favorite sport and Uncle Sam's navy as his probable fate.

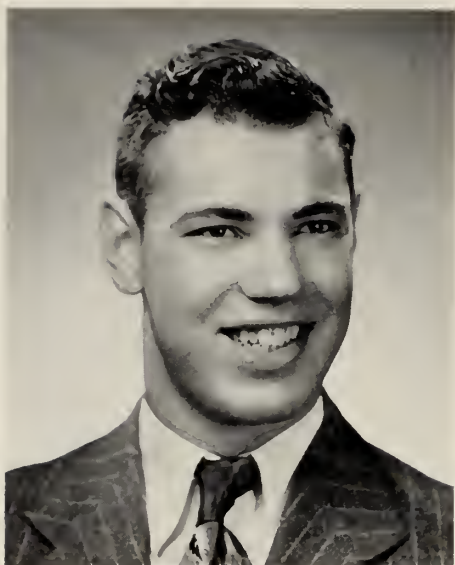

Don't you thank Old Man Whiskers has room for another good carpenter, Jim?

JOSEPH DeSANTIS

"Water Moccasin," a husky, good-looking boy, is gracing our halls for the first time this year. A transfer student from Malden Catholic, Joe has quickly acquired a great number of friends with his good natured antics. Joe was a candidate for all three Lawrence High sports, football, basketball, and baseball, and in other ways proved to be a willing class worker. Although his term with us has been a short one, "Water" will retain a page in our memories.

MANUEL DESOUZA

"Cruz," one of the few four-year members of the L.H.S. football squad was honored this past fall by being chosen to captain the team through a fairly successful year of football. He was also chosen as the most athletic boy in the class.

Whenever you saw a flash or bright beam in the halls of Lawrence High, it wasn't an explosion. It was Manny hiding behind one of his flashy ties. Manny's hobby is living so naturally he is happiest when with girls. (To him, that's really living!) Although the high school will be losing a good man this year, the Navy will gain one as Cruz will probably join some of his classmates seeing the world in the U. S. Navy.

DAVID FARREN

Soft-spoken and amiable, Dave is the most Cape-Coddish member of our class. From his salty drawl alone you know that Dave is a native Cape-Codder. He, too, is a member of that exclusive shop clan which spends most of its time in the Hall School workshop. Dave is a pretty handy fellow to have around when something needs fixing.

When he's not in school, Dave says he's happiest when working—too bad there aren't more of us like that! His outside interests range from boats to almost anything mechanical. Dave's future seems to involve, and we think Dave will be a good addition for, Uncle Sam.

ELEANOR FRANCES FERREIRA

A short, neat girl with shining dark hair, sparkling brown eyes, and a round, smiling face—that's Eleanor. Her hobby is playing the piano and although she has never had a single lesson you can always depend on her to know the latest tune on the Hit Parade. Her fondness for music extends in other directions too—. She was a Glee Club member all through high school blending her sweet soprano with the others. She is also one of the best dancers in the class. Eleanor took the vocational course this year and would like to become a beautician.

BEVERLY JANE FONSECA

Beverly, commonly known as "Babe" to her colleagues is the quiet, reserved type of girl. She is very petite but doesn't mind being kidded by her friends about her daintiness. In fact when asked when she was happiest she replied, "I think I enjoy having fun with the kids, most." Beverly loves sports—all of them. She enjoys singing in the Glee Club with the rest of the "warblers" and did her bit to add to the general din. Among the characteristics Beverly will be particularly remembered for are her black hair and neat appearance.

EDNA ELAINE FURTADO MEENA

A spirited and ready worker is petite, dark-haired Edna. "Ed", as she is called by her many friends, took the business course in school and in carrying out her plans for the future she will utilize this training as she has decided to enter the business field. "Always smiling" could very well have been Edna's motto throughout her school career for we have never seen her in other than a pleasant mood. There were very few activity committees that did not list this graduate as a most energetic member. Driver Education and Glee Club were a few of Edna's other activities. This pleasant, hard-working young miss is sure to go places in the busy world of tomorrow.

NATALIE MARGARET GALVAM

Natalie is a pretty, smiling girl with black hair and brown eyes. Petite "Nat" has wonderful fashion sense and always sported the cutest clothes to be found. Her favorite sport is basketball and she loved her gym classes. "Nat" enjoyed Glee Club and added her two cents along with the rest of the kids. Her hobby is knitting and she proves to be quite an expert in this field. She also sews very neatly. Natalie is undecided as to what she will do in the future but she certainly will be followed by the best wishes of her classmates whatever she does.

Seniors

BETTY LOU GEGGATT *MACGREGOR*

Betty Lou was one of the first girls in the Senior class to become engaged. Of course, Tommy takes up most of her time but she does find spare moments to sew. This is her hobby and also the main subject she has taken in high school. Skating on cold winter days is Betty Lou's favorite sport and she has proved to be very apt at it. Betty is planning on using her education in sewing and cooking right in her own after graduation. Good luck, Betty Lou, may your marriage be as successful as we all hope it will be.

LEAH MARIE GOGUEN *HADDOCK*

Leah Goguen—unusual name isn't it?—But very appropriate for its unusual owner. Big brown eyes, raven black hair, a rosy peaches-and-cream complexion, and a charming personality are a few of the traits which make her one of the most beautiful senior girls. Leah's a talented pianist and singer—a member of the Glee Club. Her sketching ability earned her a position on the *Lawrencian* Art Staff. She belonged to the National Senior Honor Society. Leah was elected captain of the girls' basketball team and was voted the Babe Ruth Award for sportsmanship which speaks for her athletic ability and school spirit. Leah plans to attend Bridgewater State Teachers College and all we can say is—Oh! the lucky kids who have her as a teacher!

FRANK GRACE

Frank gives the outward appearance of being a very quiet individual, but put him with a few of the boys and he's quite a different guy. Teachers know him for his talking and doing a lot of things he isn't supposed to, but that doesn't bother "Theresa", for when that name is answered by a male voice, you can be sure it's Frank.

In the summer he works for a local gas company and can often be seen driving a big truck around town. Off hours, Frank likes baseball, and says he is a ping-pong whiz. But like many of his classmates, he too hears the call of the military and plans to join the air force after graduation.

THOMAS T. HARVEY

Tom's the outdoorsman of the class. His hobby is guns and hunting falls right into that category. When any kind of hunting season is on, it's a safe bet that you won't find Tommy in school. An expert on any kind of firearms, this nimble nimrod spends a great deal of time working in the Gun Shop. Tim is sort of an expert on wild life and has become somewhat of an amateur taxidermist.

In school Tommy takes the general course and is undecided about his future. He says it probably involves Uncle Sam. (He's not alone there!) You couldn't possibly mistake Tommy's Cape Cod twang—it's got a tone all its own! A sure sign for recognition!

FERREIRA

 CATHERINE LOUIS HATZIKON

Babs, one of the smallest girls in the Senior class, will be always remembered for her vivaciousness. She was a cheerleader throughout her entire school career and was co-head cheerleader in her Senior year. Besides this Babs' alto has always been present in the Glee Club since she joined in her Freshman year. The success of all the class of '51's school activities can in some part be attributed to Babs. She was always ready with a helping hand and was never known to refuse anyone anything that she could possibly do for them. Babs is planning to go to beautician school after graduation.

LAFAYETTE HICKS

Undisputedly one of the best liked boys in the Senior Class is Lafayette. "T-Boy"'s illusion of shyness in class is quickly shattered once he receives an audience (of one or more). Then the illusion is unmasked and Lafayette becomes the center of fun.

"T-Boy" is an outstanding basketball player but, like many other Mashpee athletes, is not able to play High School ball due to the great distance between his home and the school.

His likeable nature and rapier wit will stand him in good stead wherever he may be.

Seniors

COPELAND

VIVIAN GERTRUDE HODGKINS

Vivian is a quiet, likeable girl with sandy-colored hair and big dark brown eyes. A member of the business group in school, she plans to continue in this line after graduation with secretarial work. She was an excellent student and was a member of the National Honor Society in her junior and senior years. Photography is her hobby and she lists baseball as her favorite sport. Other activities in school included Driver Education and three years of Glee Club. We know that Vivian's ability will carry her far in the field she plans to enter.

DORIS MARY HOLMES STEWART

Dorie is a medium-height, brown-haired girl with a ready smile. When asked what she would remember about school she immediately grinned and exclaimed "teachers!" We think they will remember you too, Doris, because every once in a while one of your witty remarks sent the class into gales of laughter. Dorie's favorite sport is basketball—in fact she likes all gym activities. Her hobby is cooking and she probably does that as efficiently as everything else she tackles. Doris is undecided as to what she will do after high school but whatever it is the good wishes of her classmates go with her.

RICHARD HOLM

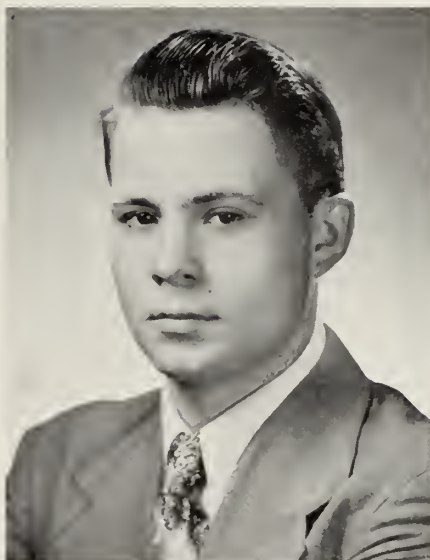

Hard working and good-natured are two adjectives that fit this tall, blonde senior to a "T." A member of the Honor Society, Rich has long been acknowledged as the smartest boy in the class. Always equipped with a humorous ad lib, "Windy" was often the center of class humor. A rabid sports fan, Rich roots for the Boston Red Sox with zealous pride. On Saturdays during the football season, you could see this lanky L.H.S. "Bill Stern" issuing forth reports of the games. Another big accomplishment was the co-editorship of the Yearbook and much of its credit can be given to him. Rich has been accepted at the University of Massachusetts and should prove a valuable addition to its ranks.

FRANK ORVAL INGRAM

If you've seen a quiet, reserved young man walking down the corridors of L.H.S., you can be sure that it isn't Frankie! He's far from soft-spoken, and if you've never heard his classroom humor, you've missed more than a few good laughs. Frank's idiosyncrasies have earned him such nicknames as "Yogi, Wrangler, and Cueball." With Yogi you never know what's going to happen next.

When he's not in school, Frankie's main interests are his pride and joy, the Bruins, the Braves (in whom he's slightly interested), and his TV set. If you don't see him around school, try the local First National in the afternoon some time.

Yogi's future looks bright for he is the kind of fellow that carries good fortune with him wherever he goes!

GWENDOLYN BURGESS JACKSON

Gwen is a newcomer to L.H.S. from Rockville, Conn. She is a member of the staffs of the "Student Intelligencer" and *Lawrencian*. Gwen's name always appears on the Honor Roll and she is a member of the National Senior Honor Society. Back in Rockville, Gwen was a representative to Laurel Girls' State. She was also accompanist for the well-known Rockville Glee Club. Gwen is a very talented pianist. She is active in Church work and is planning to attend Ohio Wesleyan University where she will major in Christian Education. Though she is a rather quiet girl, Gwen's smile and pleasant manner have won her many friends at L.H.S.

MARGARET MARY KELLY

A typical Irish colleen is this pert miss who was added to our class this year. Blessed with a ready smile and a willingness to help others, it wasn't long before Peg won many new friends. Everyone will agree that her personality ranks with the very best in the class. "Pat" enjoyed the many hours in school with Problems her favorite.

Between early mornings spent trekking to L.H.S. and watching Nobska go on and off, Peggy was always active with the gang. She thinks she'll be an old maid but her charm and personality put a crimp in that idea.

Seniors

MADELINE ALICE KEENAN LOPES

Madeline is one of the most active students in our class. She is a member of the glee club, modern dance group, basketball team, *Lawrencian* and "Student Intelligencer" staffs, and National Senior Honor Society—also she is secretary of the Student Council. As co-head of the cheerleaders, "Pups" exhibited the pep and personality which makes her so popular.

Away from L.H.S. she works as a long distance operator at the telephone office and is secretary of the High School Religion Class at St. Patrick's Church.

Come September, Madeline plans to start classes at the University of Massachusetts.

SUSAN LEINA LAWRENCE

Sue is a typical high school girl. She is interested in all sports, and although she did not participate in any L.H.S. offered she did excel in ice skating and skiing outside of school. Susan is a staunch supporter of the Glee Club and has lent her voice to it throughout her high school career. Susan was chosen by the Outlook Club to be a representative from L.H.S. to Girls' State last June. She made a fine showing and came back with a multitude of new friends. Susan took the business course during high school and is planning to enter the Cape Cod Hospital next fall as a Student Nurse.

MAY YVONNE LAFOND

May is a French miss with a merry humor and a ready smile. A good student in the Household Arts division, May was one of the girls who helped make and present the United Nations flag to the English mayor who visited our school. She was active in many school functions and served on numerous class committees. Her studies in the cooking and sewing fields will serve this engaged girl well in the years to come. Happiness and success are wished to May in her life and marriage by all her classmates.

1. GRACE
2. Racine

GERALDINE LEIGHTON

Pert and pretty, "Sugie" was an outstanding member of her class. Always pleasant and kind, this senior excelled in her work in the Household Arts division. Geraldine was one of the girls who helped to make and to present the United Nations flag given to the mayor of Falmouth, England, when he visited our school. Many of her classmates have viewed the results of "Sugie's" efforts in fashion shows and at school. Her plans for the future include further training in this field, and all of her classmates wish this wonderful girl the best that life can give.

MARY CAROL LEIGHTON

Mary is a pint-size gal with dark hair and dark eyes. She habitually radiates laughter and has a wonderful personality. Mary is quite the songstress and enjoys participation in the Glee Club. She is very adept at jitterbugging—in fact at dancing in general. She is a beautiful seamstress, as evidenced by her stunning suits and skirts of which she is justly proud. Mary loves to watch football games and did her bit in spurring the squad on to victory as the enthusiastic drum majorette of the band. We know Mary's enthusiasm for life will lead her to success in the years to come.

CONSTANCE ELAINE LOPES KWAAR

Connie can be said to have more personal friends than almost anyone in the Senior Class. She is always bubbling over with enthusiasm and has that rare quality of inciting the same force in others. Connie has been very active during school—she was an excellent guard in basketball, a Glee Club member, and a very energetic cheerleader. All the success of Senior Class activities were in part a direct result of the never ending vivacity of this girl, who as one of the social chairmen kept working until each event was a success. Connie took the College Course and plans to enter Bridgewater State Teachers College next fall.

Seniors

LAURA A. LYNCH BOWMAN

Laura, "Laurie", or "Skipper", whichever you call her, you know her as a tall girl with blue eyes and dark brown hair which is the envy of all her colleagues since it is naturally curly. Laura's favorite sport is basketball and her ability to utilize her height to advantage has earned her a place on the school squad as a guard. Laura chirps along with the rest of the gang in Glee Club and enjoys it enthusiastically. Laura claims her probable fate will be growing old but we know many interesting things will take place before Father Time adds his touches to this attractive and personable miss.

ANN LESLIE MACLELLAN

Blonde-haired Ann is one of the prettiest girls in the class. Unappropriately nicknamed "Saw Bones", this lovely graduate was active in school as a sports ticket seller, a Glee Club participant, and as a member of the sewing class scheduled as an extra activity for interested students. Much of her work in this class has been displayed in the fashion shows held at school. Ann was head of the make-up committee for the senior play and was among the group that went on the Washington trip. Telephone office work will be her livelihood after graduation. We know that Ann's good looks and pleasing personality will always stand her in good stead.

ROBERT ARMAND MARSHALL

Where there's a fire there's "Fuzzy!" Bob, one of the ablest boys to come out of the shop class, is also one of the high school's Junior Callmen and he's happiest when he's at the old fire house. His ideal is to be successful in everything. Fuzzy says swimming is his favorite sport along with his old faithful—firefighting. Fuzzy is quite a mechanic and cruises around in his own car. Being a diligent worker he is sure to be successful in everything that confronts him.

JOHN NOEL MARSTON

It didn't take John long to make a great many friends after he joined us in his senior year. This ability was most likely acquired from his attendance in many different schools. His father's army career has enabled Jack to see much of the country from Maine to California. The South is the only section he has not visited.

Jack is a happy-go-lucky type of person equipped with his own brand of humor. He is the only member of the class who has a hobby of being a marriage counselor, but he is seriously planning to stay unmarried long enough to become a dentist.

PHYLLIS HELEN MARTELL

Phyllis came to L.H.S. this year from Plattsburg High School in Plattsburg, New York. She immediately became an excellent and enthusiastic class worker. At Plattsburg she was a member of the glee club, chorus, basketball team, and dramatic club. Here at L.H.S. Phyllis was a coke seller at the football and basketball games, a glee club member, and a forward on the basketball team.

Phyllis has a lot of school spirit and could always be found cheering our teams at athletic events. She took the business course and hopes to go to an aviation training school in order to become a stewardess.

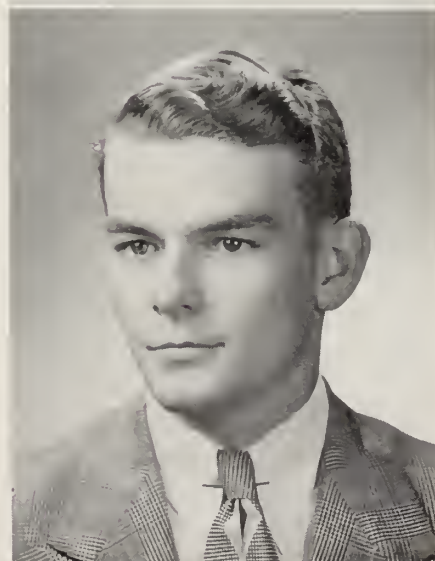

HERBERT MICHAEL MCADAMS, JR.

Herby, nicknamed "Henry" due to a misprint in an early school publication, is one of the quieter-spoken members of our class. Herb, whose good looks are evidenced by the accompanying photo, was voted the "cutest boy" in the class by his sharp-eyed classmates.

His chief interests lie in basketball and the Navy. A member of the Naval Reserve, Herb has a good jump on the rest of us when the services start calling the members of the class for a hitch with Uncle Sam. Herb is also a member of the Bruins, and has helped spark them to many a victory.

After graduation, you'll probably see Herb sporting a U. S. Navy uniform.

Seniors

MANUEL CABRAL MEDEIROS

Manny is one of the most amiable students in our class. Although quiet most of the time, Manny comes out with some humorous remarks that from time to time leave us in stitches. "Moe" devotes much of his time to work and is employed as a caretaker's helper in the summer-time. He is an ardent sports fan with an emphasis on baseball with the Red Sox at the head of his list. Manny's future seems to involve the navy, but that is their gain and our loss; for we all know that he will enjoy good fortune wherever he goes.

VIRGINIA MAY MILES

Take some light brown hair, add to it big brown eyes and a wide smile and the result is bound to be a reasonable facimile of Ginny—she also has a very pleasing personality. Ginny is an invaluable person when it comes to decorations or design. She can think up some of the cutest tricks in the shortest time imaginable. She has added her smooth voice to the Glee Club for at least three years. She lists football as her favorite sport and how true this is. Ginny never missed a game—if she had, a good part of the cheering squad would have been missing.

KARL MILLS

Karl is a likeable biy with a ready smile and a pleasant nature hailing from Mashpee, he has been a standout on the town baseball and basketball teams for the last couple of years, following in the footsteps of his famous brothers.

Karl has been a student in the Agriculture Course. He, in common with most L.H.S. Senior boys, feels Uncle Sam calling him. We're sure Karl will succeed in whatever he does whether it be in private life or as a member of the armed forces.

ELIZA MONTERIO

"Bunny" is the title by which this very quiet girl is known to her friends. She is a tall miss with brown eyes and black hair who always strikes you as being extremely neat. Eliza's favorite subjects in school were cooking, typing, and shorthand. Her hobby is reading and she likes to play volleyball. Eliza is always happy when she is with her friends and although she has no definite plans for the future she is sure she will be happy if there are a few friends around. On this account we know she will never need worry for if there aren't some old friends around she will quickly make some new ones.

CLAIRE LUCILLE NICKERSON

"Nicky" sports the shortest hair-do in the senior class as evidenced by the accompanying picture. She has been very active in social activities throughout her high school career especially in Glee Club. During the football season she kept the players well-cared for as a member of the Junior Red Cross. She has been a steady participant in the business course, therefore making a very valuable member of the *Laurencian* business staff. Claire is a happy-go-lucky miss who loves a good time. Her plans after graduation are indefinite but she would like to become a nurse. We are sure that Claire's personality and enthusiasm for whatever she does will bring her to quick success.

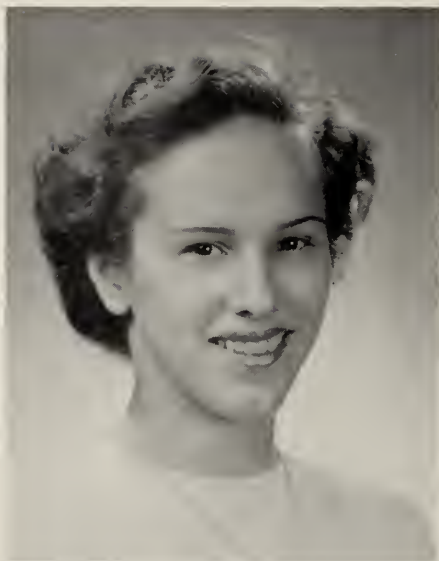

RUTH MARY NORDQUIST AMATO

Ruth is a quiet, smiling girl with freckles and deep blue eyes. She was always a willing class worker and could always be depended upon to help out at class functions. She was a loyal member of the Glee Club. Ruth attended the Driver Education classes and was one of the lucky ones who received their licenses in February. Outside of school Ruthie is one of our many "number please" gals at the telephone office where she plans to continue working after graduation. Ruthie took the vocational course and turned out many clever articles in her sewing classes.

Seniors

BARBARA MARILYN PACHECO

Barb is a petite and peppy person. She made an excellent cheerleader during her Senior year and will leave a big gap in the squad after graduation. Barb has maintained a very good average throughout her high school career and as a result was initiated into the National Senior Honor Society last year. She is very fond of singing as can be proved by her constant attendance at Glee Club during her school life. Basketball is another favorite of Barb's. She has been a valuable member of the squad for two years. Barbara is planning to use her business education this fall after her work at the telephone office is finished.

ROBERT BERNARD PACHECO

Along with this year's graduating class there will disappear the familiar call of "Moose" from the walls of old Lawrence High. Bob will be remembered most in the sports field where he established himself as one of the class's top athletes. He played center in both basketball and football. His towering height was a great asset to the basketball team and his formidable appearance on the gridiron made opponents look twice to make sure they weren't seeing double. "Moose" likes to spend his leisure time dancing and this year he learned to jitterbug from one of the feminine members of the class. Indications of Bob's probable fate point toward the army and he isn't alone in that respect!

JOSEPH T. PARENT, JR.

Good-looking, good-natured, and a great guy, that's our Joe! One of the best-looking boys in the class, Joe has had no trouble making female hearts go a-flutter. However "Fish" will also be remembered for his spirited performances on the hardwood and diamond. He captained the '51 edition of our basketball team and was a sparkling performer in baseball. Though neither boisterous nor shy, "Fish" has managed to make his presence known hereabouts. Extremely popular with everyone he knows, Joe will never have any trouble making friends. Still undecided about his future, you can bet "Fish" will be right at the top of whatever he undertakes.

SHIRLEY LILLIAN PETERS *PAIGE*

Shirley is a brown-eyed, dark-haired girl who is rather quiet and reserved 'till you get to know her. She shocks us all by being the one creating the most noise in the band—Shirley pounds industriously on the big drum thus displaying the energy with which she tackles everything else. She sang in the Glee Club and blended her soprano voice with the rest of the songsters. She took a general course in school and enjoyed sewing exceedingly as evidenced by her nice-looking clothes. Shirley has always wanted to be a beautician and she says she may go into that field after she graduates.

GILDA PIMENTAL *LINO*

Gilda is an attractive young miss with dark hair and big brown eyes. She has always been a more-than-active member of the class and has gained a reputation for being a most energetic girl. In school she took the business course to prepare for the work she plans to do after graduation. Other activities included Glee Club and Driver Education. Her seemingly inexhaustible energy has led her to do much on committees for class activities. Gilda's plans for after graduation include work and then marriage. In both of these we know that this active girl will be happy.

PATRICIA JANE PETERSON

This is Pat whom everyone considers a good kid. Pat has blue eyes and light brown hair—also a cheerfully unworried disposition. She gets a little scissors-happy every few months and consequently we are not at all surprised when she nonchalantly saunters by looking as if an Iroquois had scalped her. Actually it's not as bad as that; Pat is more than presentable no matter what way her hair is styled. Pat is one of the eager beaver reporters on the "Student Intelligencer" staff. She is thinking of continuing work as a telephone operator after graduation.

Seniors

MARLENE JOYCE RAPOZA

Her friendly smile and sparkling eyes make Marlene the best looking gal in our senior class. Marlene's marks rank among the highest in the class and she is a member of the National Senior Honor Society. She is Co-Business Manager of the *Lawrencian* and also works on the Art Staff. She was Business Manager of the class play. Marlene is well known to us as Mrs. Harper's able and valuable assistant in the school office. She was a member of the college course but also managed to take several business subjects. Outside of school, Marlene is employed as a secretary to Mr. Robert Tilden.

FRANK JAMES REZENDES

"Pierre," or whatever you want to call him, there'll never be another guy like Frank. His beaming smile never ceases. Frank is one who can be serious when the rest of the class is laughing or laughing when the rest of the class is attempting to be serious. There's no limit to Frankie's ability from tearing apart the motor to his car to tearing a bad joke apart.

Frank is a proud member of the Bruins and was one of the high scorers for that team in the Intramural League. He is also a member of the National Honor Society. There isn't a person in the school that can outeat Frankie and he proves this at all the class functions.

Most of Frankie's time outside of school is spent out of town with a certain J. A.

Upon graduating Frank will try to further his education in a government naval school.

BETTE ROBERTS

The first thing you notice about Bette are her bright blue eyes. These are set off by a wide smile—always present—and the newest things in hair dos. She is one of the best dressed L.H.S.'ers and her wardrobe of summer dresses is envied by all the girls as well as being admired by the male population of L.H.S. Bette has been a member of the Glee Club throughout her high school years. She was one of the lucky group who went on the Washington trip in April. Bette started work as a local operator in the telephone office this spring.

ISABEL LOUISE ROGERS

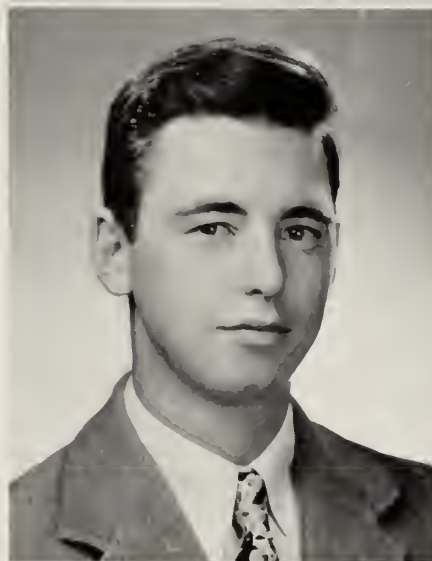

If we were to choose one person who was the working spirit and push behind the Senior Class it would be Isabel. Plus the fact that she's been on the Honor Roll every marking period throughout her six years of high school, "Is" has found time to take part in glee club, modern dancing, basketball, library, "Student Intelligencer," *Laurencian*, Student Council, and National Senior Honor Society. She has been our guiding light as class president since our sophomore year. "Is" was chosen D. A. R. Good Pilgrim this year and was elected to the Smythe Honor Roll.

Outside of school she is a telephone operator and Sunday School teacher at St. Barnabas Church. Isabel wants to be a nurse and we are sure that her will to work and study plus her good humor and sparkling brown eyes will make her a welcome sight to all patients.

DAVID WYNN ROSS

Dave has the reputation of being the politest boy in the Senior Class. Well-liked by all, he is full of school spirit and could always be depended upon to help out at class functions. Dave held down an important part in the Class Play. He is a member of the Cape Cod Chapter of DeMolay and was elected this year to the post of Junior Counselor in this organization. He was a member of their basketball team and also played with the Bruins. Dave hopes to attend Maritime Academy after graduation.

HENRY L. SCHROEDER

"Outstanding" is the word for Hank in every respect, athletically, scholastically, and personally. One of the star athletes of our class, Hank plays football, basketball, and baseball. A member of the Student Council, vice-president of the class, and recipient of the Smythe Honor Roll award, no one can say Hank hasn't done his bit for L.H.S. Quiet but not shy, Hank is as personable a fellow as you'd want to meet.

His goal is Annapolis, a lofty one indeed, and we wish you all the luck in the world, Hank. Combine his athletic ability with numerous other fine personal characteristics and you will find that Lawrence High is losing not only a fine athlete but also an outstanding citizen in Hank Schroeder.

Seniors

ALLEN L. SERVIS

Allen is one of the quiet members of the class, but he makes up for his shyness with his fine school work. He certainly knows what to do when he's not in L.H.S. as many of his friends will testify. When Al isn't working—he's a good mechanic—he is busy with an extensive gun collection. However, if he doesn't wish to indulge in these two pastimes he can make one of his frequent trips to New Bedford to visit his girl. Any of his classmates who don't have much to do can certainly envy Allen.

Allen received his diploma early when he left school May 1 with the National Guard.

JANET GUILFORD SEYMOUR

Jann was one of the newcomers to L.H.S. this year. She previously attended The Gilbert School in Winsted, Conn. Jann is a very attractive girl with bright blue eyes and shiny blonde hair which is usually cut very short. Jann immediately became a willing class worker and this fact in addition to her pleasing personality and pleasant manner insured her a wealth of new friends in Falmouth. At Winsted Jann belonged to the Science and Glee Clubs—here at L.H.S. Jann joined Miss Custaeu's modern dance group. She took the general course and plans to work after graduation.

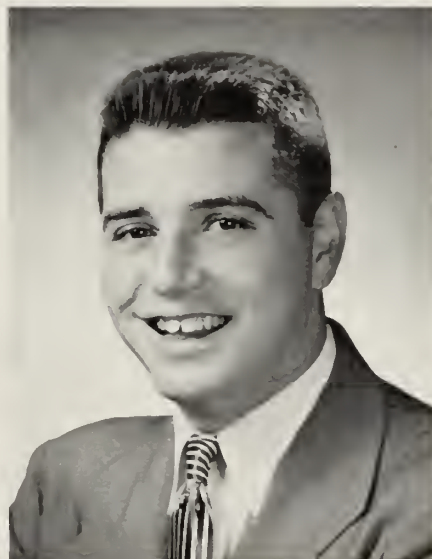

MADELINE AGNES SIMONS

Dark hair and dark eyes enhance the quietly-attractive appearance of this likeable senior. Called "Mady" by her friends, she was a member of the business group and plans to use this training, when she graduates, in her work in the business field. Madeline's artistic talent is no small asset. She has done considerable work for the *Lawrencian* in the past and her contributions have made her work well-known and well-liked. Her quiet efficiency in carrying out her chosen line of work is sure to help to make her future one that is filled with success and happiness.

WILLIAM KENNETH SOARES

Bill is a perfect specimen of a contented guy. Well-liked by everyone, he is happiest when everything is going right. It is very seldom that you ever see Bill get his dander up about something. Stocky but hard, Bill made a fine lineman on the football team. He could easily be called a "ballplayer's ballplayer" because of his drive and hustle coupled with a fine sportsmanship attitude. While we're on the subject of sports, he gained his letter in baseball and played some varsity basketball. He makes a hobby of collecting sports books. Known as everything from "Yardbird" to "Friggy" Bill takes his nicknames all in stride.

He expects to be wearing a navy uniform before long, but we think the Navy could use a nice guy like Bill Soares.

ROBERT SOUZA

"Moon", who delights in getting into mischief, is one of the big jesters in the class. By himself Bob is quiet, but put him with the boys and he makes the most noise. He enjoyed Mr. Frank's lectures in Problems class, but he is happiest when he is out of school or when playing baseball. Bob has a hobby that practically anyone would enjoy and that's spending money. Moon's future tends toward the Navy when he graduates. In that he will probably be joined by many of his colleagues in the Senior class after graduation.

MARGARET HATCH STUDLEY BRIANA

Margaret is an extremely quiet girl; however, her pleasant manner and quick smile are known to all her friends. She has bright blue eyes and shoulder-length blonde hair. Margaret was one of the many students who took the Driver Education Course and was rewarded for her efforts by the receipt of her driver's license in February. Her hobby is music and she was a loyal and active member of the Glee Club. Margaret has worked as messenger in the Telephone Office at Hyannis during the summer.

Seniors

PHYLLIS ANN SULLIVAN

Dark, dancing eyes and a short collegiate hair-do are what you notice first about this popular senior. "Phyl", co-editor of the Lawrencian, was one of the busiest members of our class. A few of her many activities included work on the "Intelligencer" staff, participation in Glee Club and Driver Education, and the scoring and reporting of the girls' basketball games. Phyllis was a member of the National Senior Honor Society and was selected as an outstanding student to represent our school at Girls' State in 1950. Next year Phyllis will enter the University of Massachusetts where she will major in education. This graduate can not help but gain the thing she wants most, "success in life".

CECELIA LEITE TAVARES DEMELLO

Cecelia is a real member of the class of '51, having been with us since we started out in the sub primary. She was a willing class worker and supported all our activities. Cecelia has been a conscientious student in the business course and has already put her knowledge to practical use—since last spring she has been employed in the office of the Wm. C. Davis Co. Cecelia is a member of the Glee Club and also took the Driver Education classes. With her soft voice and ready smile she has been a wonderful friend to all. Cecelia plans to work after graduation.

MARY RAPOZA TAVARES

Tall, dark and tacit are the three most appropriate adjectives for describing Mary. She was seldom heard from but seemed to have more than her share of friends. Mary was always willing to be called upon for donations for any class activity. Her delicious cookies will be remembered as the goodies sold first at all the cake sales. She has a particular liking for collecting stamps and for ice skating. Mary also must have enjoyed singing as she was always present at Glee Club rehearsals. Mary took the Business Course and is planning to use it to her advantage come fall.

THEODORE C. TAVARES

As "Butterball" trudges through the halls of old Lawrence High, he usually has nothing on his mind except women. He probably thinks back to the fall when he had so much fun at the football games, but better still at the glorious football parties.

You can always see Ted at any school activity, especially at the dances where he glides over the floor with the greatest of ease. It's no wonder he was voted best dancer by the class.

It looks as if "Butterball" will be a member of the U. S. Navy after he graduates, but he would rather stay in school and go to some more football parties, eh, Ted?

DANIEL TEXEIRA

Danny, it can be safely stated, is one of the best liked boys in the class. His friendly, quiet nature plus his always neat appearance have won him many friends throughout the years.

Danny has an avid interest in sports, particularly basketball and hunting. Finding it difficult to commute from his Waquoit home to high school practices, "Tex" lends his basketball abilities to the Mashpee town team. Danny is a rabid New York Knickerbocker and Yankee fan, particularly reveling in the personal accomplishments of the Knicks' Dick Maguire and Yanks' Phil Rizzuto.

Tex is a great all-around guy and certainly deserves his popularity.

GRACIE CAROL THRASHER LAKE

A bundle of personality and pep—that's Gracie! She is a tall, slender girl with wavy brown hair, blue eyes, and a habitual smile. It is a mystery to all how she can consume those sundaes plus generous meals and still keep her perfectly proportioned figure. Gracie was a member of the girls' basketball team and also a cheerleader—tackling both these activities with bubbling enthusiasm. She belonged to the Glee Club too. She took the Driver Education course and received her license, not without much kidding from her fellow schoolmates who declared they would issue a public warning to all drivers. Yes, we know Gracie will never be forgotten for school wouldn't have been school to us without her.

Seniors

BARBARA ANN TOBEY MCFARLANE

Barby possesses enviable naturally curly hair, blue eyes, and freckles. Though she is rather quiet she is an outstanding class worker. Her senior year was a big one; among other things she was head twirler in the band, made the basketball team, and was a glee club soloist—she has a beautiful voice. Barby is very active in the Methodist Church—she's a Sunday School teacher and a member of the choir and the Methodist Youth Fellowship. Barby works at the telephone office. She took the college course and hopes to go into church service work. Her preference—a children's orphanage.

DONALD TORRES

The short, well-built Senior you've seen cavorting around the halls, flashing his ready grin is Donny Torres. Donny has long been the center of fun and laughs in our class. Way back in our Hall School it was Donny to whom we looked to provide us with a very special type of good humor. Donny has his serious side too. He's a good student and always a willing participant in class activities. He shared in the preparation of the Class Day program, being co-chairman of the Gifts Committee. Though he is undecided about his future, we know that Donny will be a big success in whatever he undertakes.

SHIRLEY UPTON

Another one of the many new students at L.H.S. this year is Shirley, who is a transfer student from Landsdowne High School in Landsdowne, Penn. One of the first things everyone discovered about this quiet, smiling girl is that she's married. Her husband, Cpl. C. E. Upton, is stationed at Otis Air Force Base and incidentally is very good looking. The couple make their home in Hatchville. Shirley is very smart and was a serious and conscientious student in the Secretarial Course. Although we have known her a very short time we all wish Shirley the best of everything in life.

1951

RICHARD L. VIDAL

Dickie was one of the finest ends L.H.S. ever had. Heavy enough to bull his way through the defense and fast enough to outstep them, Dick was a valuable cog in the football teams of the past three years.

He was runner-up in the "most popular" balloting and well-liked by all, but he certainly has the attributes of a first-class flirt and makes full use of them.

Dick anticipates going into the Navy upon his graduation. If so, he won't let them down either in service or that "girl in every port" matter.

PHILIP SCHAFFNER WHITE

Phil, one of the most active members of our class, is not only known for his athletic prowess but also for his participation in class affairs. A member of the Student Council, Boys' State delegate, a five-letter athlete, and a good student, Phil ranks with the best in the class.

Popular music and sports are his favorite side-lights. Phil has been a long admirer of a certain male vocalist (just ask him which one!) and possesses an extensive record library.

After graduation, he plans to attend the University of Massachusetts. Being one of the younger members of the class, Phil doesn't have to worry about Uncle Sam—yet! But when he does, he plans to enlist in the air force.

MILTON EDWARD WILLIAMSON, JR.

Milton is one of the more serious members of our class. He is ordently interested in art and enjoys himself with photography on the side, even so much as to assume the responsibilities of photography editor of the *Lawrencian*. "Mit" has become active in several organizations. He is an outstanding member of the West Falmouth Boys Club and a loyal addition to the Cape Cod Chapter of DeMoley. Milton plays basketball and baseball, with the latter being his favorite sport.

If our class had a tough job to be done, we could always find "Mit" eager to do his part.

Seniors

ROBERT S. ZYLINSKI

"Silence is golden"—that may well be Bob's motto. Although a man of few words, Bob is far from shy and to those who know him well, he is a regular guy with a sense of humor all his own. As are most Seniors, Bob is eager to graduate, but during school, he spends most of his time in the shoproom under Mr. Merrill's tutelage.

Outside of school, Bob's main interests are his car and working. Bob is an active member of the National Guard and was one of two absentee graduates. Bob was awarded his diploma early since he left us when Uncle Sam reactivated the Falmouth Battery May 1.

BERNICE CLAIRE D'AGUIAR

Bernie is a favorite of all who know her. She will always be remembered by her schoolmates for her outstanding school spirit. There was never a game that went by that didn't see Bernie cheering with all her might for the home team. Generosity is another outstanding characteristic of this dark-haired girl. Whenever help was needed in the way of transportation, Bernie was always there to do her part. She was very fortunate in that she had a nice blue Chevrolet always at her disposal. Bernice took the general course throughout high school and hasn't as yet formulated any plans for the future.

JOHN MIXSON

"Seen, but not heard," at least not very often, that's John. He's the quiet type and rather reticent about making friends. John does things at his own speed, which is often rather trying to his classmates, but when he makes up his mind to do something, he can do it as well as anyone. Although being voted laziest is no honor, John's capabilities are much more widespread than that title would indicate. He can whip through difficult algebra and trig problems easily when he wants to.

The future is undecided for John, but let's hope he finds that incentive which will drive him to success!

CAROL LUSK REYNOLDS

Combine a soft voice and pleasant smile with blue eyes and light-colored hair and you have some of the features which make Carol such a wonderful girl. She was one of the most talented members of the band and orchestra, playing the flute in both—she also belonged to the Glee Club. Carol took the vocational course this year which provided her with the knowledge she needs in her occupation as a housewife. Carol was the first of our class to be married. Her wedding to Philip Reynolds took place in February. The best wishes for happiness in her married life are extended to Carol by her classmates.

ON TO WASHINGTON

Senior Class History

ALWAYS doing something—who?—why the class of '51. Since our Hall School days when we entered the ninth grade and earned the "right" to call ourselves Freshmen we've had something on the fire every minute.

Guiding us as our Freshmen officers were John Justason, president; Leah Goguen, vice president; Barbara Pacheco, secretary; Philip White, treasurer; and Betty Lou Geggatt, social chairman. Socially we held two dances—a Valentine Hop and, naturally, the Annual Freshman Prom, both of which were very successful.

Proud, happy, and just a little bit scared, a new Sophomore Class, officially dubbed L.H.S. class of 1951 (not that we thought we'd ever make it,) took its seats in homerooms piloted by Miss Moorman, Miss Ogden, Miss Connolly, and Mr. Frank.

Our very first business was election of class officers. We chose Isabel Rogers, president; Leah Goguen, vice president; Barbara Pacheco, secretary; Philip White, treasurer; and John Justason, social chairman.

Almost before we could figure out what was happening to us we were undergoing the rigors of Initiation Week at the hands of those lovely seniors in the class of '49. For all our efforts we were rewarded with the Sophomore Reception at the end of the week.

The Sophomores made their contribution to the social life in the school when we staged the Annual Sophomore Bean Supper in November. This venture added \$350 to our negligible treasury. This year a Student Council was formed at L.H.S. We chose Madeline Keenan, Isabel Rogers, Hank Schroeder, and Phil White to represent us for three years. Madeline was elected treasurer of the organization. The peppy Sophomores who earned themselves places on the L.H.S. cheering were Babs Hatzikon and Madeline Keenan. Musically we were a very active class. Besides several glee club members, Jane Landers, Carol Lusk, Brenda Bowman, Jane Landers, and Joan Rocker played in the school orchestra. Jane, Carol, and John Justason were all in the band. Mary Leighton and Barbara Tobey were a part of the twirling corps.

Always trying to raise money we undertook the selling of maroon and white booster pins during basketball season.

Our class was full of celebrities this year. Brenda, Jane, and Carol were chosen to play in the All Cape and Islands Orchestra during Music Week. Brenda attended the New Eng-

land Music Festival. She again heaped honors on herself when she was the only L.H.S. Sophomore to take part in the Cape Cod Spelling Bee over WOCB.

Our last social function of the year was what everyone had been clamoring for all year—a dance. It was in the form of a Farewell Dance for the Seniors.

We said good-bye at the end of the year to one of our more active members, Jane Landers, who left us to attend Cushing Academy.

As Juniors we entered the halls of L.H.S. with a feeling of superiority in the fall of '49. As for officers Isabel, Leah, Phil, and Barbara all retained their positions. Our new social chairman was Gracie Thrasher.

One of the first things we did in the line of class activity was to choose the design of our Class ring. When they finally arrived we felt them to be quite the most handsome things we had ever seen.

Always financially in need, the class immediately started out on money-making propositions. We held a food sale and then held a dance to benefit the Memorial Scholarship Fund. This last gesture we believe shows that we are really not too greedy.

During the winter we staged our big money-making event. You remember it—The Chicken Pie Supper! Everyone had a grand time preparing and serving it and our customers sure went away feeling happy and satisfied.

Special honor came to three of our members this spring. Susan Lawrence was chosen by the Outlook Club and Phyllis Sullivan was named by the American Legion Auxiliary to attend Girls' State at Bridgewater State Teachers College in June. The American Legion sent Phil White to Boys' State at the University of Massachusetts.

John Justason left us at the end of the year to join the Navy.

At last! I can't believe it! We're Seniors! And like every other class before us we became residents of Room Thirteen. Immediate adoption of the "front door" privilege and other not-so-official traditions went into effect.

The officers who guided us through this the toughest and most active of all years were Isabel, president (for the third straight year—a woman Senior Class president is almost an unheard-of thing at L.H.S.); Hank Schroeder, vice president; Cecelia Bento, secretary; Frank Rezendes, treasurer; and Connie Lopes and Dick Vidal, social chairmen. This year two of our Student Council members captured officers

in that organization. Hank was president and Madeline was secretary.

Ah! Revenge is sweet! Making up for all we had to suffer back in the fall of '48 we really gave the Sophomores a tough time during their three-day initiation period. The climax of the Sophomores' suffering came at the Reception when they were admitted into a reasonable facimile of a place where it gets very warm and where little men with horns are waiting to greet you (guess where?) Moose, Madeline, and Barbara made very convincing devils in their dyed long underwear.

We had hardly gotten settled when Football Season was upon us. The squad's Captain was none other than our own powerhouse, Manny DeSouza.

In November we really knew we were Seniors for that is when Vantine came to take Class pictures. For a period of three days while all the sittings were made you never knew us, we were all so dressed up in our best bibs and tuckers.

Deserving a little recognition are those loyal reporters who under the patient guidance of Mrs. Robb turned out those remarkable issues of the "Student Intelligencer". Senior reporters were Madeline Keenan, Gwen Jackson, Isabel Rogers, Pat Peterson, Brenda Bowman, Phyllis Sullivan, Frank Ingram, Phil White, and Paul Anderson.

Important in the world of L.H.S. sports were our cheerleaders. Madeline and Babs were co-captains of the squad whose members included the following seniors: Gracie Thrasher, Connie Lopes, and Barbara Pacheco. Head Twiler was Barbara Tobey and Mary Leighton was the Drum Majorette.

During the winter sports' season Joe Parent captained the boys' basketball team while Leah Goguen was the Captain of the girls' squad.

Special honors were accorded several members of our class this year. Isabel was named DAR Good Pilgrim by the Seniors and Faculty. She and Hank were chosen by their classmates to have their names inscribed on the Smythe Honor Roll as having best exemplified the school's ideals of Loyalty, Honor, and Service. The Student Council and entire student body combined to name Leah and Bob Brown for the Babe Ruth Foundation. This award is presented in recognition of good sportsmanship. Leah was honored again when she was sent to Burdett College to represent L.H.S. at the 1951 Career Girl Contest.

During spring vacation twenty-two lucky seniors went off to Washington, D.C. by way of New York, Pennsylvania, Virginia, etc. Mr. and Mrs. Melvin Howard chaperoned us.

The Senior Class Play, Arsenic and Old Lace, was presented in the Hall School Auditorium on May 4 and 5. The cast had put in a long, hard struggle to get the production into shape but the success they made of it showed that their efforts were worthwhile.

On the night of May 27 the Senior Class Prom was held. Other activities which preceded our graduation included Freak Day, Faculty-Parents Reception, and Class Day.

And so one night in June we officially passed out of the halls of L.H.S. for the last time. For we the Class of 1951 had completed our journey of 12 years and must take our place in the world so that another class can take over our place here at L.H.S.

Sophomore News

By Helen Peters

Dear Diary,

June is here already. This year surely has passed quickly. We've really had a lot of fun even though we were rather scared when we first entered Lawrence High. Well—as we leave for our summer vacations, let's look back. It really wasn't so bad. Let's see!

September—Well we just about got settled, then up came our three hectic days of Sophomore Initiation. Boy! The tortures those seniors thought up were out of this world.

But, we hadn't seen anything until the time came for us to go to the "reception". Nervous? Why half of us could hardly walk to the Rec. Oh! The music they played as we marched in would have scared Frankenstein. We all had penalties to pay; then, we danced and ate and generally got acquainted with our upperclassmen.

At our first class meeting we elected Norris Eastman, president; Bob Betts, vice president; Charles Roderick, treasurer; and Eleanor Enos, secretary. Last but not least Babe Burchell and Johnny Brackett were chosen social chairmen. We elected Miss McKenzie and Mr. Longyear as our class advisors.

October—We contributed some pretty tricky football players to the team. They were Howie Pierce, Dick Baker, John Moniz, George Soares, Norris Eastman, Manny Rezendes, John Faria, Merry Palmer and Bob Betts. I don't know how they could lose with such cute and peppy cheerleaders as Marcia Maxim and Shirley Ferreira. Our proud lettermen were Dick Baker, Bob Betts, and John Moniz.

We elected our Student Council members. After a close battle Babe Burchell and Sylvia Robertson were the girls chosen. We named Bob Betts and Norris Eastman for our male representatives.

November—Just as soon as football season went out in came basketball. We claimed Norris Eastman, Marc MacLelland, Nate Beale, George Lopes, Jimmy Doukas, and Bob Geggatt on the boys' team. Shirley Ferreira was the sole sophomore earning a position on the girls' squad.

December—Well, winter's really here. Everyone is excited about the first snow and the Christmas Holiday. Some of the more social-minded members of the class attended the Seniors' Christmas Formal.

January—We all made it back after vacation and immediately began planning our Sophomore Bean Supper under the capable direction of our class advisors and Miss Moorman.

February—Hip! Hip! Hurray! We had our Bean Supper. It was wonderful. Everything went off swell after a lot of planning and worrying. We had as speakers Johnny Pesky and Eddie Pellagrini. We also had some nifty school talent. Boy, we were sure proud of our first big Sophomore function.

March—The Supper over, we started planning a dance. Nobody was sure what kind it was going to be—we had so many ideas. We were sure it would be swell with the Sophomore Class planning it. (Our opinion.)

April—Leave it up to the Sophomores to start something new. We had a Shipwreck Dance. Everyone came in old clothes and had a swell time. Mr. Marshall and Mr. Longyear were chaperones.

May and June—During this time everyone was occupied in getting the seniors graduated and themselves promoted. Not a spare moment for anyone to breathe.

Dear Diary,

It's time to say good-bye to another eventful school year. We're really Juniors now and are looking forward to another big year at L.H.S. But before we store all our books away and don our bathing suits the Sophomores want to thank Miss McKenzie, Miss Moorman, and Mr Longyear who did such a fine job of directing our class activities this year.

Junior News

Paul Dougherty, '52

THIS year's Junior Class shone as one of the brightest in years. The class sponsored three events and contributed highly to the athletic teams of Lawrence High. President Kay Francis, Vice-President Dick Kendall, Secretary Veronica Marshall, Treasurer Carol Lawrence, and Social Chairmen Ginny Lopes and Albert Tavares all handled the reins of class affairs.

The Junior Class Card Party, the Sadie Hawkins Day Dance, and the Mid-Winter Hop were all social successes. Again we congratulate Cally Lawrence and Bow Locklin on being chosen king and queen of the hop.

The outstanding feat of the class was the contribution of the boys and girls to L.H.S. sports. Juniors showed their ability on the gridiron. George Ferreira, Dick Kendall, Russ Robbins, Dave Cummings, Chet Soliz, Bob Ransom, Bob Benoit, Paul Dougherty, Charley McAdams, Bob O'Connell, Joe Watson and Manny Rezendes all lent their talents to the football squad. Ferreira and Kendall were elected next year's co-captains.

Bruce Illgen, Bob Ransom, Jim Souza, Russ Robbins, George Ferreira, Paul Dougherty, Joe Watson, and John Giabbai all played on the basketball team.

On our baseball squad were Russ Robbins, Jim Souza, Paul Dougherty, Bob Ransom, Bruce Illgen, and Herb Moniz.

The girls did well in sports also since Elnora Rhodes, Kay Francis, Virginia Marshall, Joanne Rezendes, Cinny Lumbert, Nancy Schroeder, Ruth Schroeder, and Veronica Marshall played well on the girls' basketball team.

The Schroeder girls, Ruthie and Nancy, were the contribution of the Junior Class to the cheerleading squad. Ruthie and Nancy will be next year's co-captains, and Veronica Marshall, Carol Lawrence, Rosie Balona also will be cheerleaders.

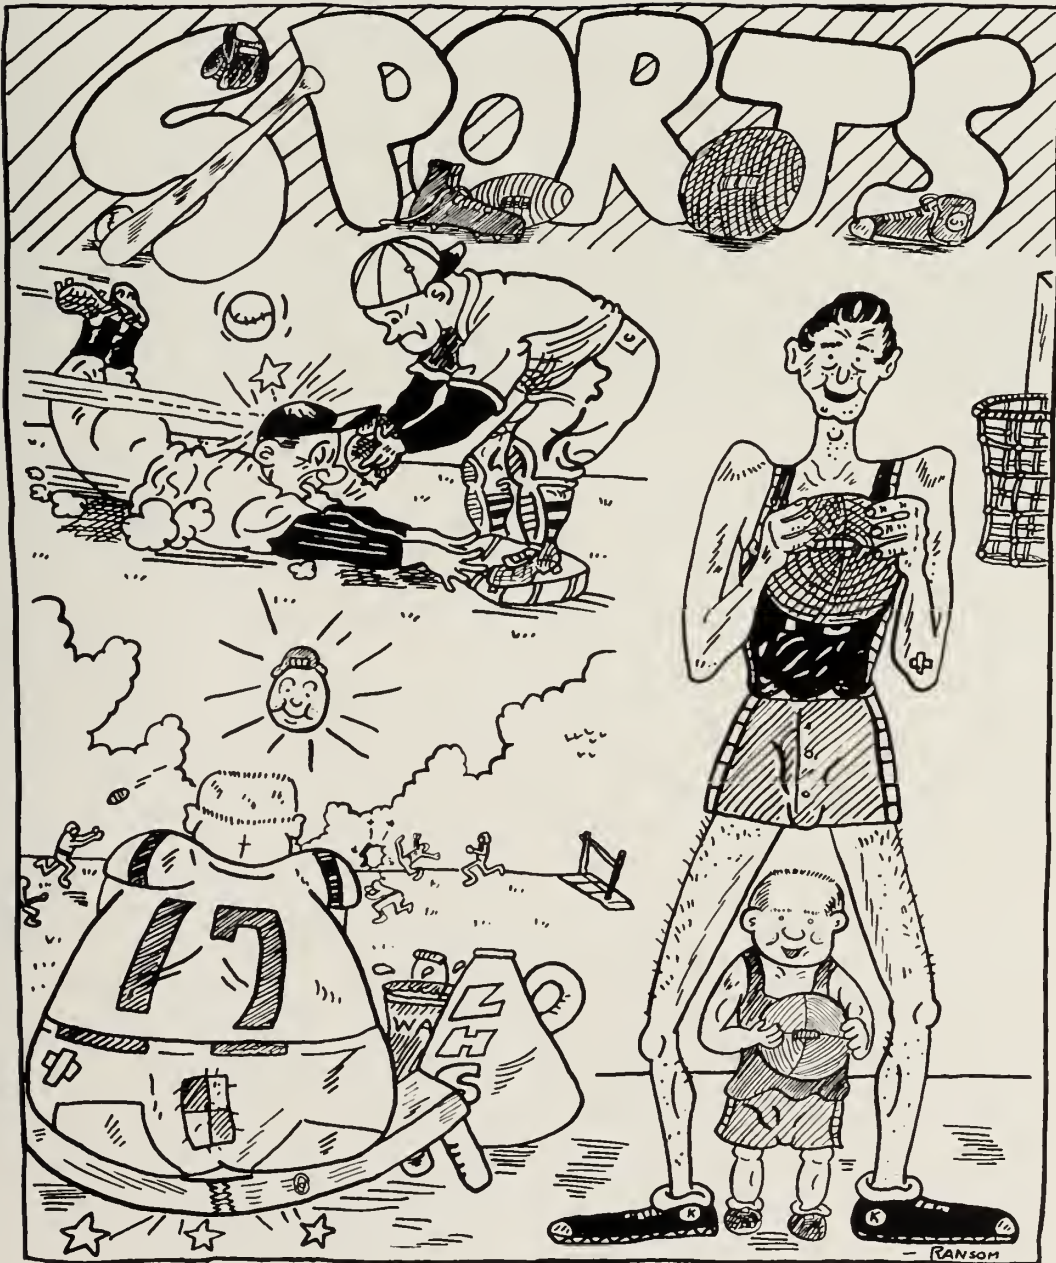

This year's Junior Class was a credit to L.H.S. and next year, the graduating class of '52" will shine even brighter.

Football Resume

COACH JAMES C. KINNEY had a fair football squad at Lawrence High during 1950 and Captain Manny DeSouza and company walloped Barnstable 21-0 to account for a fine climax to an otherwise mediocre season. George Ferreira took the Cape scoring title. The swift halfback tallied 44 points to help account for a 5 and 4 season record.

L.H.S. 0 — MIDDLEBORO 13

In the annual season opener, Lawrence High found itself outplayed by a tricky Orange and Black Middleboro eleven at Middleboro. Numerous Maroon injuries soon told on the Kinneymen as the Middleboro field-general scored on a quarterback sneak in the second period. The point was missed. About two minutes before the termination of the game, Middleboro's Brown added another six points. Nickerson's conversion was good and the home team won 13-0.

L.H.S. 19 — BOURNE 6

After the Middleboro loss, Lawrence High soon broke into the win column against Bourne on the town athletic field. The going was tough for both teams in the first half as neither Bourne nor Falmouth was able to break the 0-0 deadlock. It was George Ferreira who broke the ice with a hand-off. The halfback galloped 45 yards for the first Maroon T.D. of the year. Red Ransom soon followed suit. Robbins' pass to Vidal in the end-zone was good and at the

start of the fourth quarter Lawrence led 13-0. Ferreira made it 19-0 with his second touchdown of the day. Sorenti lateraled to Carl Bradford who raced 75 yards for the only Bourne tally just as the game ended.

L.H.S. 0 — NEW BEDFORD VOKE 13

The Lawrence gridders traveled to New Bedford only to be turned back by an always-tough Vocational club to the tune of 13-0. Tremblay and Kimball scored for the Green as Falmouth, unable to get out of their half of the field all afternoon, went down to defeat. Schroeder, Kendall, and DeSouza sparked the line play of the losers.

L.H.S. 33 — DARTMOUTH 7

Dartmouth, playing host to Lawrence High, was smothered under by 26 points as Lawrence won 33-7. George Ferreira and Dick Baker scored in the first quarter to make it 12-0. Before the period ended a Dartmouth hand-off and a deflected forward pass ended in an 80-yard run and a TD. The point was good and Lawrence led 12-7 going into the second canto.

Soliz split center for another 6 points. Ferreira's conversion was good to give Lawrence a 19-7 half-time lead. In the second half, Robbins tallied two touchdowns and Soliz and Dougherty converted to give Lawrence 14 more points. Thus Lawrence came home with a 33-7 victory over a smaller Dartmouth side in the Maroon's largest scoring outburst of the season.

L.H.S. 0 — FAIRHAVEN 13

Bart Leach and company invaded Falmouth and Mr. Leach was a big factor in a game that gave Fairhaven their 13-0 win over the home team. In the second period Leach intercepted a Robbins pass on the Fairhaven 40 and galloped to the Falmouth 20 before being tackled by Robbins. This set up the first Blue tally as Leach scored three plays later to put Fairhaven ahead 6-0 at the half. In the second half DeManche tallied to make it 12-0. Quarterback Leach faked a kick and ran around his own right end to make it 13-0 and wrap up the game for Fairhaven.

L.H.S. 0 — WAREHAM 13

That jinx score of 13-0 against Jim Kinney's forces struck again as Wareham, sparked by Ralph Garcia, hard-running back, topped Falmouth on the muddy town athletic field. Wareham had the breaks and Falmouth didn't, that's all. This year Wareham finally won the Class D championship. For the past two years Wareham has had the championship wrapped up until Falmouth upset them. Dick Kendall and Art Faria were outstanding in defeat.

L.H.S. 21 — SOMERSET 7

George Ferreira electrified the holiday crowd at the town athletic field by scoring 3 touch-

downs to spark Falmouth's 21-7 victory over a scrappy Somerset eleven. Scoring the extra points were Faria, Vidal, and Robbins. Art Faria's hard running was evident as was the fine line play of Vidal and Schroeder. The Somerset scoring came in the first period.

L.H.S. 27 — PROVINCETOWN 0

Lawrence High easily topped a weak P-town club 27-0 at the town athletic field. The first team played only half the contest with the second team playing the other half. Robbins handed in 13 points, Ransom 7, one touchdown, and John Moniz, the remaining extra point. The Kinneymen rolled up 21 points in the first quarter. Moniz did a very good job subbing for George Ferreira and Art Faria, who were unable to play. Bob Betts looked good as did Paul Dougherty.

L.H.S. 21 — BARNSTABLE 0

The annual turkey day classic between Lawrence and Barnstable was played at Barnstable this year with Lawrence walloping Barnstable 21-0 in a one-sided contest. George Ferreira scored the first touchdown and Robbins' pass to Ferreira was good for the extra point. In the second quarter, Russ Robbins took to the air and fired to Dick Baker, who galloped to pay-dirt. Robbins' conversion boot was letter-perfect. Red Ransom accounted for the last Maroon tally in the third quarter. Again, Robbins' conversion was good and Lawrence brought home the bacon as Barnstable went down to defeat 21-0. The holiday gave Lawrence a 5 and 4 record for the year. Seniors playing their last game for Lawrence High were Capt. Manny DeSouza, Bob Pacheco, Hank Schroeder, Billy Soares, and Dickie Vidal.

Basketball Summary

THE 1951 Lawrence High Maroon, in compiling a six win, six loss slate, fared no better on the hardwood than the football squad had on the gridiron. Playing this season under the tutelage of Coach Jim Kinney, who took over the coaching reins from "Gov" Fuller, the Lawrencians finished fourth in the five-team Upper Cape Cod League, one rung over cellar-dwelling Sandwich. Led by Captain Joe Parent, the Falmouth dribblers posted double victories over Sandwich and Tisbury with single triumphs over Wareham and Yarmouth.

Our cagers fashioned a four-game winning streak after dropping their two opening tilts. The initial win of the campaign was an exciting 51-45 upset over the champion Yarmouth High quintet. The Lawrence courtmen followed this game with easy victories over Tisbury, Sandwich, and Wareham and looked

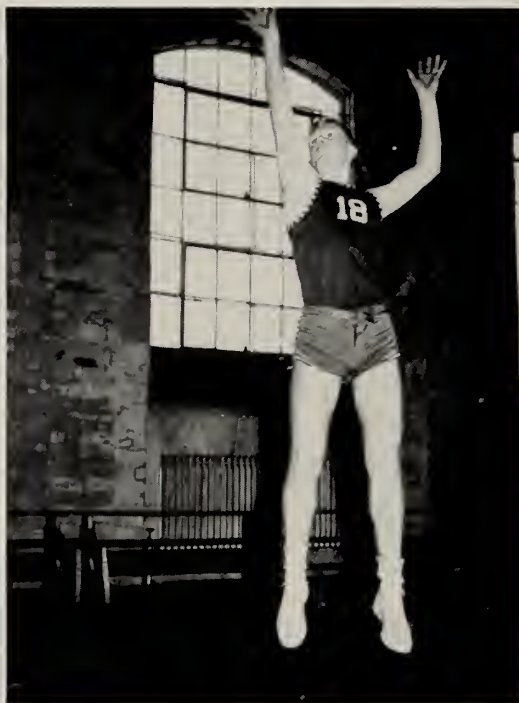

headed for the Upper Cape title.

The Bourne game proved to be the turning point of the season. Fighting for contention, our hoopsters dropped a close 54-50 verdict to the Purple. The last contests saw the Maroon slumping wickedly and finishing up the year's activity by dropping one-sided battles to Yarmouth and Barnstable.

Lawrence High entered the post-season Small Schools Tournament and lost a close decision to Our Lady's of Newton, 67-55 in the opening rounds.

Playing sparkling ball for the Maroon were Capt. Joe Parent, Phil White, Moose Pacheco, Bruce Illgen, Jimmy Souza, Bob Ransom, Hank Schroeder, Bob Brown, George Ferreira, Russ Robbins and Howie Eisen. White copped individual scoring honors with 160 points. Close on his heels was Bob Pacheco with 146 tallies.

Baseball

DUE to the early publishing date of the *Lawrencian*, the record of this year's L.H.S. nine could not be published.

Last year's star pitcher, Charlie Eastman, and first baseman Ken Sanders graduated and that left those two positions open. Phil White shapes up as No. 1 hurler backed up by Bob Ransom.

Other returning lettermen include Frankie Ingram, catcher and outfielder; Hank Schroeder, outfielder; Jim "Spider" Souza, slick-fielding third sacker; Paul Dougherty, a .313 hitter at the keystone sack; and the dependable Joe Parent at short. Russ Robbins is behind the plate. The strongest hitter on the club, Russ batted .444 last year and is the backbone of

the club.

This year Mr. Ted Benttinen handled the assistant coaching and jayvee chores aiding "Gov" Fuller in his 25th year of handling L.H.S. baseball.

Girls' Basketball

THIS year the girls' basketball squad can really hold their heads up high. They have won more games for their Alma Mater than any other team in L.H.S. that can be remembered.

The girls worked together superbly and with the combination of fast moving guards and sure-fire shooting forwards the team came up with five wins. Three of our games were lost by one point with L.H.S. leading all the way up until the end, so that was three heartbreakers we almost came home with.

All of our success this year can be attributed to one person—Miss Rita Custeau—the hardest working, most human, most thoughtful coach on the Cape. Without Coach Custeau's extra hours of drilling, explanations and constant praise the team would have had another 0-0 season!

The team will be losing four first teamers this year Barbara Tobey, Leah Goguen, Madeline Keenan, and Constance Lopes. Despite this loss I'm sure next year's team will be able to better our record so—Good Luck Kids!

CO-CAPTAINS ELECTED

COACH Kinney held a football rally just before Christmas in order to elect captain or captains for the '51 squad, and to present letter jackets for football. Dick Kendall and George Ferreira were elected co-captains. Dick is hard-hitting tackle and rated as just about the best defensive tackle on the Cape. George, a hard

running back, took the Cape scoring title in '50 and was a stellar performer all season long. Both boys will be Seniors in '51.

Letter jackets were presented to the following players: Bob Benoit, Bob Betts, Dick Kendall, Charlie McAdams, John Moniz, Dick Baker, and manager Paul Anderson.

There's magic in lights . . . add a light here, place a spotlight there, and your portrait takes on the appearance of real form and individuality.

Your Vantine photographer knows how lighting effects can be best used. . . . How easily they can reflect your personality.

Your Vantine photographer knows best how to secure the sharply etched photograph your engraver desires of the important senior year. . . . The victories of the athletic teams. . . . The brilliance of social occasions. . . . The Prom. . . . The plays. . . . The debates. . . . The expression of everyday life on the campus.

That personalized portraits by Vantine are important is attested to by the fact that over 300 schools and colleges repeatedly entrust their photographic work to Vantine.
